DAY 3 : NATURE WALK AND SEMPAYA HOT SPRINGS EXPLORE

Today you will visit Semuliki National Park’s most famous attraction, Sempaya Hot springs. The male spring known as Bitente is set in a lush swampy clearing while the female spring, Nyasimbi is a boiling geyser. The trek to see these hot springs can lead you to see other forest wonders like mangabey monkeys, the red tailed monkey, the black and white colobus monkey and a variety of bird species.

DAY 4 : AMABERE CAVES AND NYAKASURA HILL HIKE

After breakfast, visit the Amabere Caves for an amazing cultural, geographical and historical experience. Geographically, these caves are a result of formation of stalagmites and stalactites. They are named after Nyinamwiru, a daughter of an ancient King Bukuku. Legend has it that the rocks which have dripping water are Nyinamwiru’s breasts and there’s much more to this legend that you would not want to miss out on.
